

THE FARADAY INSTITUTE, CAMBRIDGE

NEUROLOGY POST-DOCTORAL RESEARCH ASSOCIATE

A 36-month fixed term contract has become available for a Research Associate to carry out a project sponsored by the Faraday Institute for Science and Religion, St. Edmund's College, Cambridge [www.faraday-institute.org]. The research associate will conduct a study into the religious beliefs, behaviours and practices of people with various neurological diseases, under the supervision of Dr Alasdair Coles (University of Cambridge <http://www.neuroscience.cam.ac.uk/directory/profile.php?Alcool>), with whom the Associate will be based.

The successful candidate will have a university degree in a relevant biological science, ideally involving neuroscience and psychology. It is likely that the successful candidate will have a PhD in the neurosciences or psychology, but exceptionally we would consider offering this post to a PhD student. The applicant must be in agreement with the ethos and aims of The Faraday Institute. The salary will be up to £27,478 per annum, depending on qualifications and experience, plus benefits.

Applications quoting Position FP2/2 should include a c/v, naming three referees, together with a covering letter summarising the relevance of the applicant's background and experience for this position. Applications (preferably by e-mail) should be sent to: The Faraday Institute Administrator, Mrs Polly Stanton, St. Edmund's College, Cambridge, CB3 0BN, UK [ps400@cam.ac.uk] by Tuesday 1st November 2011. A Job Description may also be requested from Mrs Stanton. Interviews will be held in early November.
